Beskrivning:

Blackmagic Pocket Cinema Camera 6K G2

- Designed from carbon fiber polycarbonate composite
- 6144 x 3456 sensor with 13 stops and dual native ISO up to 25,600
- Compatible with a wide range of popular EF lenses
- Up to 25,600 ISO for incredible low light performance
- Standard open file formats compatible with popular software
- Adjustable LCD screen
- Includes Blackmagic Generation 5 Color Science
- Optional Blackmagic Pocket Cinema Camera Pro EVF
- Professional mini XLR inputs with 48 volt phantom power
- Larger NP-F570 battery, optional Blackmagic Pocket Camera Battery Pro Grip
- Includes full DaVinci Resolve Studio for post production

Featuring a larger 6144 x 3456 Super 35 sensor and EF lens mount, the Blackmagic Pocket Cinema Camera 6K G2 lets you use EF photographic lenses to create cinematic images with shallower depth of field. It also has an adjustable tilt LCD, viewfinder mount, mini XLR audio inputs and a NP-F570 style battery.

Blackmagic Pocket Cinema Camera features a large, bright 5 inch touchscreen that makes it easy to frame shots and accurately focus. On screen overlays show status and record parameters, histogram, focus peaking indicators, levels, frame guides and more. The Pocket Cinema Camera 6K G2 LCD monitor is a more advanced display that can be tilted up and down so it's easy to monitor a shot from any position.

Featuring the same generation 5 color science as the high end URSA Mini Pro 12K, the new Pocket Cinema Camera 6K G2 delivers an even greater advancement in image quality with stunning, accurate skin tones and faithful color in every shot. Customers get a new dynamic 12-bit gamma curve designed to capture more color data in the highlights and shadows, for better looking images. The color science also handles some of the complex Blackmagic RAW image processing, so color and dynamic range data from the sensor is preserved via metadata which customers can use in post production.

In the Box:

- Blackmagic Pocket Cinema Camera 6K G2
- Lens turret dust cap
- Camera strap
- 30W power supply with locking connector and international adapters
- NP-F570 battery
- NP-F series battery USB charger
- Welcome booklet
- DaVinci Resolve Studio activation key
