Beskrivning:

DJI Ronin RSC 2

- Max payload: 3 kg / 6.6 lbs
- 2nd-Gen RS stabilization algorithm
- 1" OLED B/W screen
- Runtime up to 14 hours

Filmmaking Unfolds

Professional-level results are effortless with DJI RSC 2. This compact stabilizer for mirrorless and DSLR cameras features a foldable design and intuitive features, empowering filmmakers, one-man crews, and content creators everywhere.

Foldable, Compact, Amazing

DJI RSC 2's foldable design means easy transportation and storage, along with expanded shooting options. Get creative with RSC 2's six configurations, delivering versatility that simplifies even the most complex shots. When folded, RSC 2 is just 7 × 7.5 inches, making it as portable as it is powerful.

Titan: DJI Stabilization Evolved

No one makes camera stabilizers like DJI. The Titan Stabilization Algorithm captures smoother footage than ever. Need more? SuperSmooth mode compensates for micromovements and increases torque, stabilizing even 100mm zoom lenses.

Feel the Focus

The Front Dial offers precise focusing in any scenario and single-handed operation.

Dual-Layer Camera Mounting Plate

The Manfrotto + Arca-Swiss dual-layer camera mounting plate is compatible with popular brands. Switch to portrait mode with just a tap to bring professional-grade footage to your social media content.

RavenEye Image Transmission System

RavenEye transmits video while giving you remote control of camera parameters. Transmit 1080p video, adjust gimbal parameters, and even change camera settings from 200 m away with a latency of just 60 ms. With ActiveTrack 3.0 built in, DJI RSC 2 uses the source signal from the camera to track your subject. RavenEye enhances Force Mobile, increasing responsiveness and decreasing latency.

Built-In OLED Screen

A 1-inch built-in OLED screen gives you complete control, right at your fingertips.

Battery

Charge less and shoot longer thanks to RSC 2's advanced battery, which provides a 14-hour runtime and supports fast charging.

In the Box - DJI RS C 2

- Gimbal (Built-In Battery) x 1
- USB-C Charging Cable (40 cm) x 1
- Lens Support x 1
- Multi-Camera Control Cable (USB-C, 30 cm) x 1
- Multi-Camera Control Cable (Sony Multi, 30 cm) x 1
- Multi-Camera Control Cable (Micro-USB, 30 cm) x 1
- Multi-Camera Control Cable (Mini-USB, 30 cm) x 1
- Hook-and-Loop Strap x 2
- D-Ring Camera Mounting Screw 1/4"-20 x 2
- Screw 1/4"-20 x 1
- Quick-Release Plate (Arca-Swiss/Manfrotto) x 1
- Camera Riser x 1
- Extended Grip/Tripod (Plastic) x 1
