# GoPro for shooters

## Beskrivning:

Maximum. Wow.

Packing Max HyperSmooth, Max TimeWarp, Max SuperView—plus a single-lens HERO and dual-lens 360 camera—MAX, maxes out the radness.

## Three Cameras in One

Shoot single-lens HERO-style video with unbreakable stabilization or capture immersive 360 footage. Vlog to the max with shotgun-mic performance and a front-facing screen.

## Max HyperSmooth

Say hello to the new king of stabilization. Max HyperSmooth delivers the smoothest video ever from a GoPro—plus game-changing horizon leveling, when you want it.

## Digital Lenses

Tap through four lenses to nail any shot: Narrow, distortion-free Linear, Wide and Max SuperView—our widest view yet.

## Reframe

With the GoPro app, easily transform mind-bending 360 footage into traditional videos and photos. Play back, edit and share—all from your phone.

## 360 Audio

Six—yes, six—built-in microphones combine to capture immersive 360 audio, directional audio for vlogging, wind-noise reduction and the best stereo sound ever from a GoPro.

## PowerPano

Capture unbelievable, distortion-free 270° panoramic shots with one click. You can even capture selfies and action PowerPano pics.

## Max TimeWarp

Create mesmerizing, unbreakably smooth motion time lapse videos in 360 and HERO modes. And in HERO mode, you can also drop in and out of real time while recording.

## Rugged + Waterproof

It's a GoPro—built tough. Really wanna go hard? Snap on the included protective lenses and charge. And it's waterproof down to 16ft (5m).

## GoPro App

Capture. Edit. Share. Repeat. The GoPro app automatically creates awesome edits and makes it easy to share them with the world.

## You call the shots.

Hands busy? Say one of 13 voice commands, like “GoPro, start recording.” Or “GoPro, take a photo.”

## Specifikationer:

Tillverkare	Gopro
Kategori	Action kamera
Sensorstorlek	1-Chip CMOS
Vikt	163
Slutartid	1/50000
Touchskärm	Ja
Lagringsmedie	Mikro-SD
Videoupplösning	4992 x 2496 (MP4 via H.264/AVC)
Batteri	Rechargeable Lithium-Ion Battery Pack, 3.85 VDC, 1600 mAh
Vattentät	Ja - 5 meter
