Beskrivning:

Manfrotto 269BU

- Heavy-duty camera stand for studio or location shoots
- Stable and secure with double leg bracing
- Comes with handy universal head type, socket and stud
- Includes an innovative levelling leg for rough terrain
- Handles up to 35 kg

Reach even higher with the intuitive Super Stand. This must-have stand is ideal for any photographer looking for total creative flexibility, even in the most challenging environments.

If you need to reach lofty heights, this Super Stand will give you all the tools to do just that. It's one of the tallest stands on the market, plus it's packed with easy-to-use features, and it's made to Italy's world-leading quality standards.

With 4 sections and 3 risers, this expert stand is easy to set-up and tuck away in your bag at the end of the day, which makes it ideal for both studio and location work.

It's crafted from hardwearing, yet lightweight aluminium too, which adds to its portability, but also increases its durability. And it has a strength boosting anodised finish, to make it a stand truly capable of heavy-duty work, with the ability to support up to 35kg.

To add to its great functionality, this clever stand has a levelling leg, enabling you to simply adjust to perfection, even on rough terrain. Double leg bracing gives added stability and security, so you can work fast and sure without worrying about anything slipping.

It also comes with a universal head type 14, with a 28mm socket and 16mm stud. Compatible with wheel sets 103, 104 and 104G.
