Beskrivning:

- Li-ion, 14.4V, 95Wh capacity
- D-tap output socket
- 4-level LED power indicator
- V-mount connection
- Not restricted by IATA
- Multiple circuit protections

V-mount Camera Battery

S-8082S is the V-mount rechargeable Li-ion battery pack for professional video cameras. It's compact design, smaller in size.

95Wh / 6.6Ah Capacity

Consists of 12pcs 18650 battery cells, and reaches 95Wh/6.6Ah high capacity.

Run approx 3 hours for normal 30W ENG cameras, and not restricted by IATA air transportation regulations.

Reliable V-mount Connection

S-8082S is the standard V-mount connection and we adopt the high quality fiber glass V-wedge that ensures the reliable mounting.

Build-in D-tap DC Output Socket

A D-tap DC output socket is equipped on the top side of S-8082S battery, for DC14.4V (Nominate) connection, such as on-camera lights, monitors, wireless transmitter, etc.

The Max Power from D-tap is 120W, 10A.

4-level LED Power Indicator

On the side of the battery, there're 4-level LED power indicators to check the battery remaining capacity. You can get a quick view of capacity before using.
