Beskrivning:

Telescopic Design in Compact Size

The retracted monopod is only 28cm in length for both great portability and creativity. It's small and compact and easy to fit in a bag.

Greater Flexibility for Jib Shots

TransMount Mini Monopod can help you create amazing Jib shots, booth high and low angles.

Comfortable Sponge Grip with Handy Wristband

Comfortable sponge grip with handy wristband offers the best care to your equipment.

1/4" to 3/8" Threaded Screw Adapter

Designed with 1/4" to 3/8" threaded screw adapter, the monopod supports most photographic equipment on market.
